COVID cure or perpetual vaccination?: 30 cheap effective treatments of COVID-19 & variants, like ivermectin, or never-ending compulsory injection, with unsafe, genotoxic, infertilizing, injuring, crippling, handicapping, lethal, inefficient, ineffective, abortion-tainted, abortive, unethical, population control, experimental genetic-hacks, deceptively called vaccines instead of haccines? Scientific proof of the genocidal PLANdemic with 2000 peer reviewed references.

Hereby treatments were presented at the [International COVID Summit.com](https://www.internationalcovidsummit.com) (Italian Senate, Sep 2021): the Rome declaration against the genocidal denial of effective treatment was signed by 50 thousand doctors.

- **1950 Live attenuated virus Oral Polio Vaccine** still causing polio in healthy children, more than wild Polio!
- **1955 SV40 contamination of Polio Vaccines** (rhesus kidney cell culture): cancer pandemic

The historical trail of the PLAN-demic

- **1976 fake swine flu pandemic:** under freemasons US president Gerald Ford and CDC director David J. Sencer, lead to fast approval of 135 (now equivalent to 700) million USD for a **vaccine causing brain-damage** applied to **46 million Americans**. Many died. No one went to jail. No one ever does!
- **1984 prion poisoning**
- **1980s HIV created through SIV (Simian immunodef. virus)**
- **1990s hCG vaccines:** adding hCG as infertilizing agent and nano-toxic-metal compounds in vaccines, including radioactive Radon, as proven above.

Covid-19 vaccines for children: hypothetical benefits to adults do not outweigh risks to children

July 13, 2021

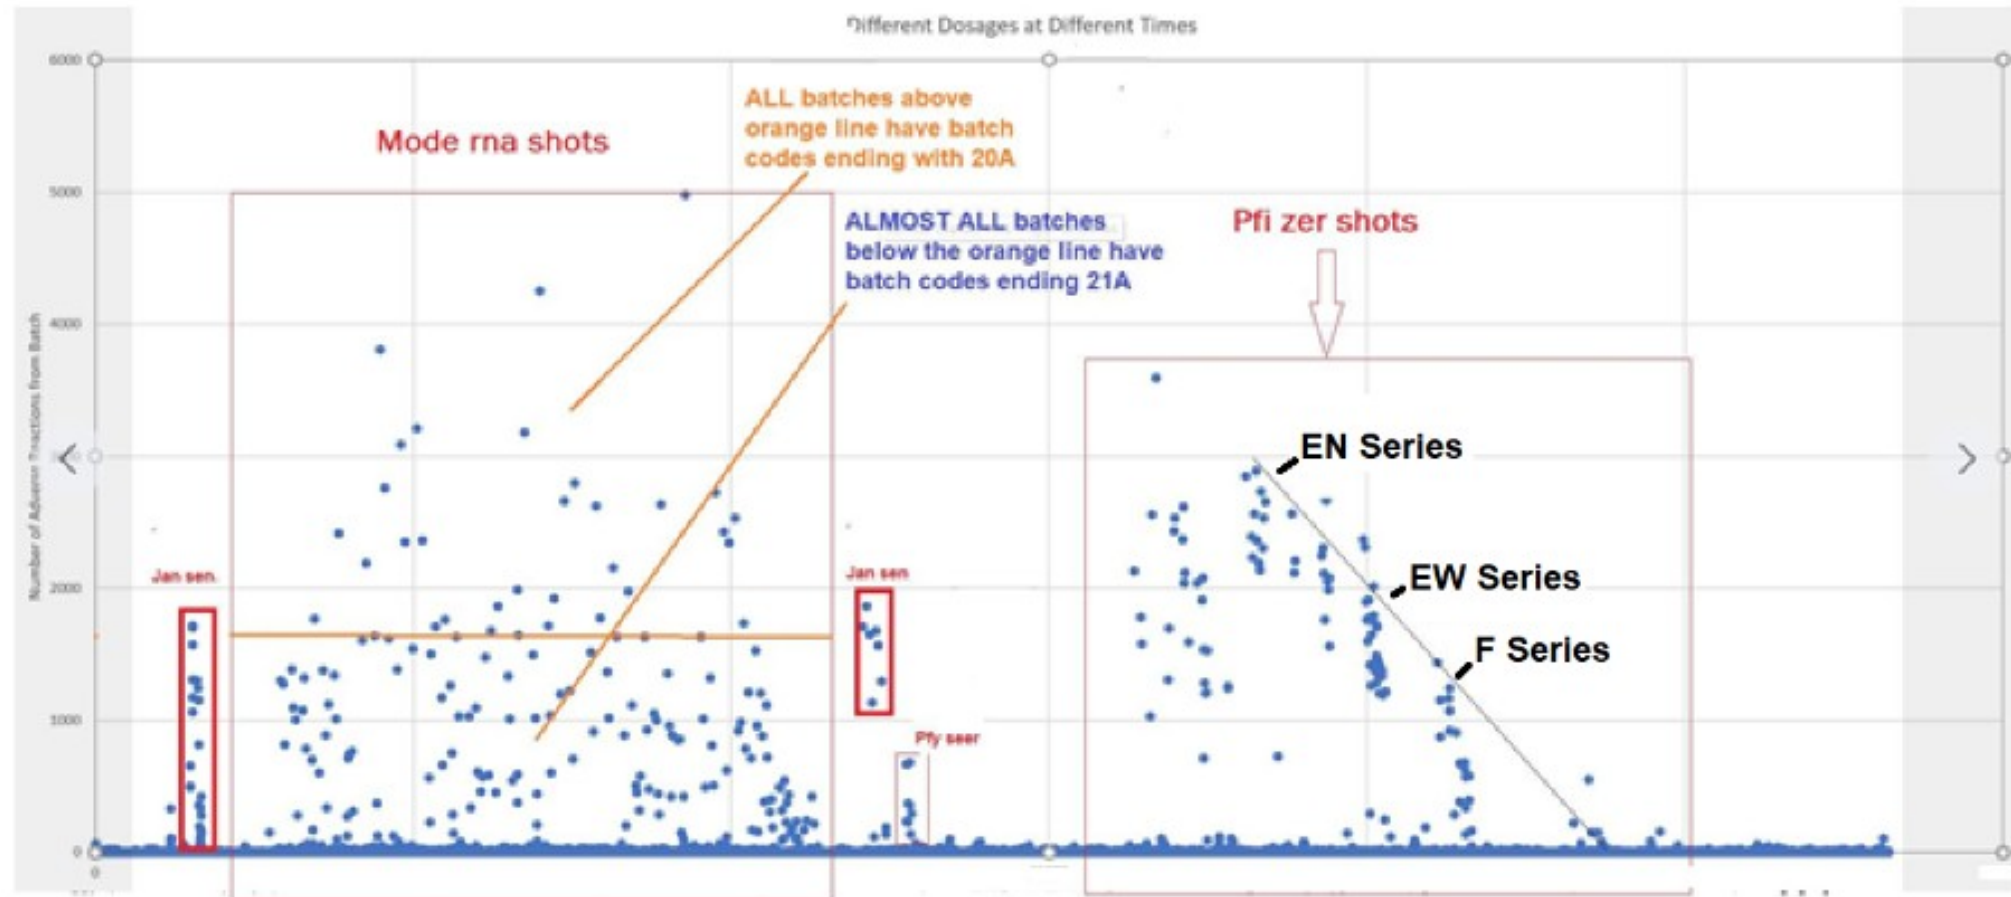

“Should society be considering vaccinating children, subjecting them to any risk, not for the purpose of benefiting them but in order to protect adults? We believe the onus is on adults to protect themselves....

... it is ethically dubious to pursue a hypothetical protection of adults while exposing children to harms, known and unknown. The risk/benefit consideration may be different in children at relatively higher risk of severe disease, such as those who are obese or immunocompromised.”

Bio BOMB haccine: not vaccine, not gene therapy

- Lab engineered for biowarfare
 - HIV genetic sequence
 - Moderna patented cancer sequence
- **436 BILLION S-proteins** in teen blood **30 days after clotshot**
- Spike Protein Syndrome:
 - clotting, myocarditis
 - autoimmune, turbo-cancer
- 100 other **primary effects** (not side-effects/adverse reactions)

From the genocide of abortion, 7 COVID genocides:

1. **BioBOMB**: engineering and releasing of the infertilizing, handicapping and lethal virus.
2. **Maximizing spread**: delaying alerts with open borders, forbidding open air activities, cloth masks, lockdowns, vaccination.
3. **Lethal recommendations**: the above plus, blocking diagnosis and treatments of lethal diseases through lockdowns (lack of vitamin D, depression, adictions), testing with carcinogen hack swabs instead of spit, banning autopsies, abortions, pre-term delivery/c-sections, mother-baby separation.
4. **War on treatments**: censoring, defunding and persecuting safe and effective treatments.
5. **Deadly treatments**: ventilation, Remdesivir, midazolam, late plasma, vax plasma, paracetamol, etc.
6. **Injectable BOMB**: infertilizing, handicapping and lethal vaccines and haccines, especially targeting pregnancy, breastfeeding, childhood, adolescence and senescence.
7. **Tech-attack**: graphenation of haccines, swabs, food and beverages combined with EMF blasts from MRIs (magnetic resonance), satellites, towers and phones, etc.

Genocidal trend didn't change, only the target population. Same serial killers, different weapons.

Anti-conspiracy law

There's no democracy with freemasonry, only conspiracy, delusion and uniparty. Freemasonry is the enemy of the people and destroys democracy from within. Without freemasonry, there's no global government:

- 1. Real ownership law**
- 2. Force masons to identify themselves**
- 3. Ban them from any position affecting common good, public trust, and education**

Laws we need

Prevent the Great Crunch with “Money new deal”

- 1. Grant the right to cash anonymity (paper and digital)**
- 2. Ban “banning cash”**
- 3. Ban CBDCs**
- 4. Real money: goods, transport and human hours**
- 5. Eliminate legal tender. Outphase G money**
- 6. Ban fractional-reserve banking**
- 7. Ban Central Banks**

Laws we need: “Money new deal”

Prevent the Great Crunch:

1. Grant the right to cash anonymity (paper and digital)
2. Ban “banning cash”
3. Ban CBDCs
4. Real money: goods, transport and human hours
5. Eliminate legal tender. Outphase G money
6. Ban fractional-reserve banking
7. Ban Central Banks

Laws we need: pro-democracy

- 1. Vote triple count: manual, machine and confirmation online by the voter**
- 2. Ban Government unbalanced budget and debt**
- 3. Only allow nationals to fund parties (not corporations/foundations, etc.)**
- 4. Democratize taxes: a very simple taxing system that doesn't require an accountant**
- 5. Direct townhall democracy with direct proportionate spending of government income decided by each citizen. Until feasible, usage of vouchers (education, food, housing, etc.)**
- 6.**

Laws we need : **Digital Freedom**

- 1. No freedom of speech without freedom of reach: ban censorship in any form. E.g. deplatforming, account suspension, shadow-banning, algorithmic downlisting, delisting or blacklisting, etc.**
- 2. Allow users to report spam and other categories, and to use (or not) what they determine as trusted users to block what or who they want to block**
- 3. Prevent the Great Hack with a new internet or a back-up system**
- 4. Ban banning physical IDs**
- 5. Ban requiring only digital IDs while rejecting physical IDs.**
- 6. Ban vax pass, 5G and tracking (nano routers, stealth tagging, bio-hacking)**

Laws we need: Real Health

- 2. Ban general lockdowns and swabbing. Reparations: injuries + firing**
- 3. Definition of death including both brain and cardio-respiratory**
- 4. Independent clinical trials: funds through trusts, supervised by physicians and patients**
- 5. Real autonomy to reject any treatment, including vaccines**
- 6. Repeal any legal immunity to Pharma: even retroactive**
- 7. Open science: open research, open stats, data integration**
- 8. Conscientious objection: don't ask, don't tell, no listing, financial**
- 9. Patent system: no national patents for tax funded research**
- 10. Independent study, warning signs and reduction of EMFs (5G)**
- 11. Food and water safety law. Independent study, label and regulate GMOs and pesticides. Save the livestock**

Laws we need: Environmental

- 1. Ban EMF sat-attacks and baloon-attacks**
- 2. Ban Geoengineering and chemtrails**
- 3. Ban compulsory indoctrination on climate change (and CSE)**
- 4. Comparative study on temperature of atmospheric bubbles. Ban net-zero and zero-emissions policies (war on carbon = war on life)**
- 5. EV moratorium until cancer is unproven (400V power line)**
- 6. Repeal anti-scientific environmental laws and stop subsidies/taxing/detaxing (war-on-conventional-energy, war-on-cars, war-on-bulbs, war-on-meat, rewilding, de-bridging, sacred forests, re-swamping wetlands, etc.)**
- 7. Prioritize livestock farming and agriculture**
- 8. National conservation plan with minimum surface**

When all fails: can we prevail ?

1. **Exposing the New World Order.** Get the military involved (national security).
2. **Laws to avoid repeating history** (n.b. media and censorship).
3. **Science upgrade:** rethinking corruption, funding, scien-sorship, dissemination.
4. **Townhall direct democracy:** neighbour/hood democracy, face to face, oath of allegiance for the common good, random authorities (n.b. ethical committee/jury). Code of Conduct with fines or even banning for increasing periods.
5. **Market coop:** food security by self-production without poisoning.
6. **Real money** based on real economy assets: 1 kg flour, 1 HH, 1 m³/km
7. **Education coop**
8. **Community-cations:** uncensored communication platforms, Great Hack ready.
9. **Community health:** the unvaxxed were denied health services and admission to Hospitals.

When all fails: can we prevail ?

The scientific literature on **Near Death Experiences** show:

- **Truth** wins over half-truth and lies. Think about the fall of communism.
- **Life** wins over death. We can only reach a full life by helping others develop a full life.
- **Love** wins over hatred and corruption, doomed from root to collapse. The culture of death spreads sickness and death. Real happiness comes from making others happy.
- **God is Truth, God is and gives Life, God is Love**
- This is a battle between light and absence of light (darkness).

Matthew 5:6

“Blessed are those who hunger and thirst for righteousness, for they will be filled.”

Shine and “fight the good fight” !

Peace prayer

Lord, make me an instrument of your peace,
where there is hatred, may I bring love;
where there is wrong, forgiveness;
where there is discord, union;
where there is error, truth;
where there is doubt, faith;
where there is despair, hope;
where there is darkness, light;
where there is sadness, joy;

Peace Prayer

Lord, grant that I may not so much seek
to be consoled as to console;
to be understood as to understand;
to be loved as to love.

For it is in giving that we receive;
it is in self-forgetting that one finds;
it is in forgiving that one is forgiven;
and it is in dying that one rises to the eternal life.
